

# BEADING Woven Wheat Bracelet with Rose Peterson

The Woven Wheat Bracelet is a form of Herringbone or Nebele Stitch using the the 2 hole shaped Czech Bead called a "Super Duo". This variation makes this bracelet fast, and interesting. The many ways one can vary the added embellishments and change the clasps makes it an extremely popular bracelet, especially for beginners and those who craft to sell. In this class, your kits will come with everything you need to make your first Wheat Weave Bracelet, with full color step-by-step photos and instructions. You will have a choice of at least six different Super Duo bead colors kits to choose from. Prize Drawings will add to the fun.
