

Pleasures of Plein Air

WITH INSTRUCTOR

CLARK MITCHELL

**A Favorite Instructor in a Historic Vineyard,
a Great Start to an Inspirational Day.**

Clark Mitchell is a most requested teacher by former class attendees due to his incredible skills and compassionate teaching style. Clark will demonstrate his how-to approach to the challenges of outdoor painting. He will be using pastels but he is also an oil painter and all art mediums will benefit from his plein air experience. Students will set-up easels in and around the gorgeous Barra vineyards and Clark will move around throughout the day to provide individual attention and instruction. An additional demo to observe how Clark's piece develops toward completion if time allows.

This workshop is generously underwritten by Barra of Mendocino and a donation in memory of Adele Pruitt's sister Pat.
