

UKRAINIAN EGGS

WITH
INSTRUCTOR

Jeanette Carson

Design intricate details in brilliant color schemes... all on an egg.

In this class you will learn the age-old craft of Pysanka, a Ukrainian word meaning "an egg that has been written on". Through a succession of wax applications and differently colored dye baths you will create, whether simple or intricate, a beautiful piece of art to treasure.

**March
28**

**Saturday
2020**

9:00 to 4:00
